Nanjing

University facts

Nanjing Agricultural University—NAU

- ◆ **Pioneer of modern agricultural education in China**
- ◆ **A state key university, member of “211 Project”**

University facts

Campuses (3)

Total area 560 ha

**Zhujiang campus--Exp. farm
(450 ha)**

Weigang campus (60 ha)

Pukou campus (50 ha)

University facts

Colleges (16)

Agriculture

Plant Protection

Horticulture

Resource & Envi. Sci.

Animal Sci. & Tech.

Veterinary Medicine

Life Sciences

Science

Economics & Management

Public Administration

Humanities and Social Sci.

Foreign Studies

Engineering

Food Sci. and Tech.

Information Sci. and Tech.

International Education

University facts

National Key Disciplines (14)

**Crop Cultivation &
Farming**

**Crop Genetics &
Breeding**

**Agri. Entomology & Pest
Control**

Plant Pathology

Agricultural chemicals

Vegetable Science

Theoretical Vet. Med.

Preventive Vet. Med.

Clinical Vet. Med.

Agri. Eco. & Magm.

Land Resources Magm.

Soil Science

Plant Nutrition

Food Science

University facts

National Key Labs & Research Centers (3)

National Key Lab of Crop Genetics and Germplasm Enhancement

National Research Center for Soybean Improvement

National Engineering Research Center for Meat Quality and Safety Control

University facts

Number of Students

Total enrollment 32,130

- ◇ **Undergraduates 16,020**
- ◇ **Postgraduates 6,890**
- ◇ **Adult education 9,220**

University facts

Number of Staff

2,683	Total staff
1,406	Professionals
1,277	General staff

Prof. Dajun Liu

**Two Members of Chinese
Academy of Engineering**

Prof. Junyi Gai

University facts

Degrees awarded

Academic Programs

◇ Bachelor	59
◇ Master	106
◇ Ph.D.	65

Main international activities in Asia/Europe

Some important university level partnerships in Europe

University of Humboldt Berlin, Germany

Aarhus University, Denmark

Wageningen University and Research Center, the Netherlands

Paris Tech Institute of Technology, France

.....

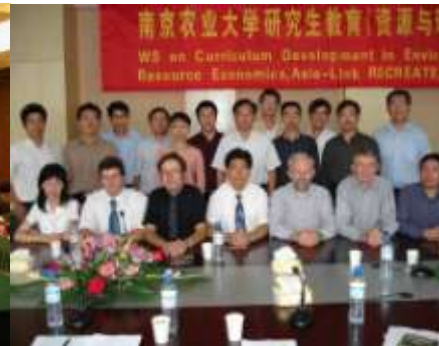

Main international activities in Asia/Europe

EU-funded research and education programs

Economic policy reforms, agricultural incentives and soil degradation in LDCs (EU Fifth Framework Project)

South East Asian Rural Urban Synergy: Seeking Synergy between the Urban Growth Horticulture and the Environment in Asian Metropolises (EU Fifth Framework Project)

Strengthening the Education and Research in Resource and Environmental Economics at Nanjing Agricultural University (Dutch Government Project, SAIL-Program)

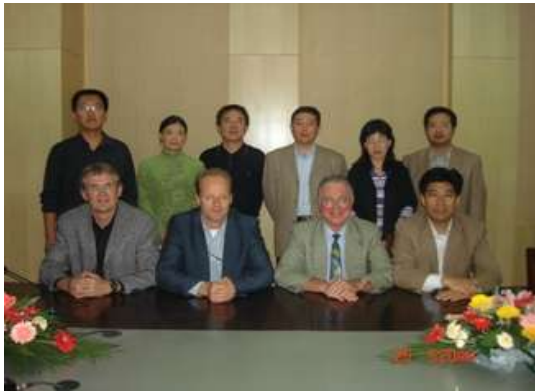

Main international activities in Asia/Europe

EU-funded research and education programs

Restructuring Higher Education in Resource and Environmental Economics in East-Asian Transition Economies (EU Asia-Link Project)

Sustainable Resource Use in Rural China: Institutions, Policy and Market, 1st phase (Sino-Dutch Strategic Scientific Alliances Program, KNAW & MOST)

Food Security and Sustainable Land Use in Less-Favored Areas (INREF, Wageningen University)

Main international activities in Asia/Europe

EU-funded research and education programs

Sustainable Resource Use in Rural China: Institutions, Policy and Market, 2nd phase (Sino-Dutch Strategic Scientific Alliances Program, KNAW & MOST)

Land Use Policies and Sustainable Development in Developing Countries (EU Sixth Framework Project)

Protecting Farmer's Land and Property Rights in China (Dutch Ministry of Economic Affairs)

Main international activities in Asia/Europe

EU-funded research and education programs

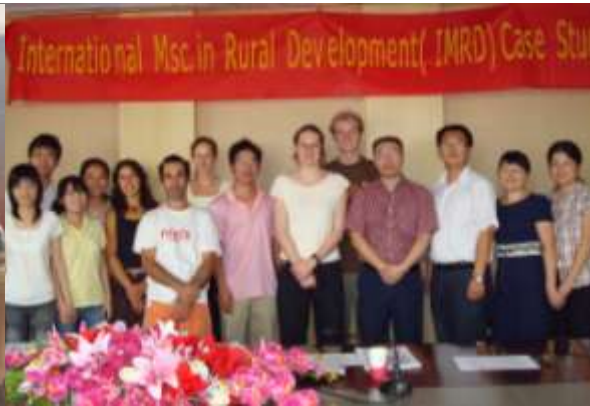

Changing Livelihood Strategies in Rural Xinjiang: Cotton Production, Environment and Poverty Reduction (KNAW)

Governing Farmland Conversion in the Quest for Sustainability – Comparing China and Germany (Robert Bosch Foundation)

EURASIA 1, Erasmus Mundus, External Cooperation Window Grant (European Commission)

IMRD (European Commission)

.....

Thank you !
